Step 2: Calculate the cost of PointPay tokens:

2

100 USD ↔ 1000 PXP = 0.29131345 ETH

Step 3: If you do not have cryptocurrency for buying PointPay tokens (PXP), go to the PointPay Payment System to buy Ethereum with credit or debit card: <https://payments.pointpay.io/buy-sell-crypto>. If you already have Ethereum, please note to step 7).

Step 4:

4.1 Choose any partner for buying Ethereum cryptocurrency (for example, Indacoin);

The screenshot shows the 'Buy' interface on the PointPay website. The page title is 'Buy PXP tokens with debit and credit cards'. The interface is divided into two main sections: 'Buy' and 'Operation details'.

4.1 Points to the 'Partner' selection area, which includes options like MoonPay, mercuryo, INDA COIN, and any.cash.

4.2 Points to the 'You give' section where the amount '100 USD' is entered.

4.3 Points to the 'Which account would you like to top up?' dropdown menu, currently set to 'PointPay Wallet'.

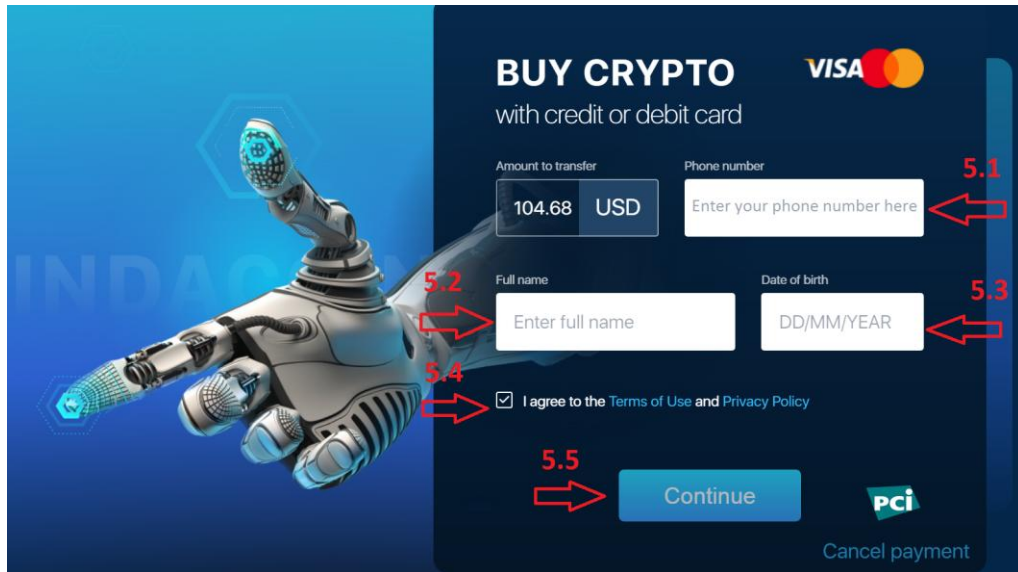

4.4 Points to the 'How would you like to pay?' dropdown menu, currently set to 'VISA/MasterCard'.

4.5 Points to the 'Buy' button at the bottom right of the 'Operation details' section.

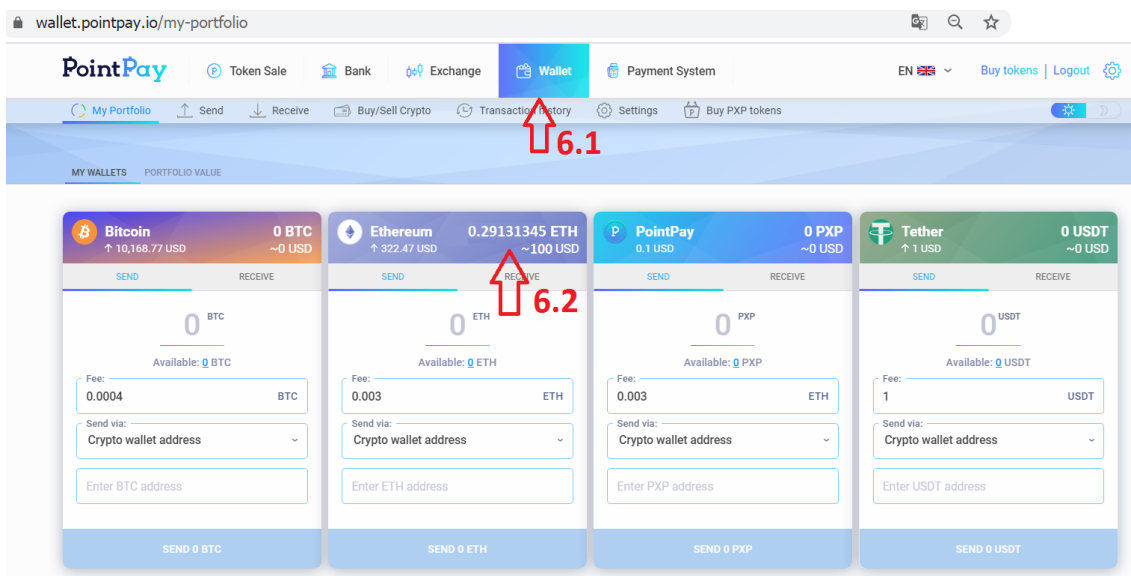

The 'Operation details' section shows 'You receive' as '0.27945013 ETH' and a 'Transaction total' of '106.09 USD'.

- 4.2 Please enter the amount you going to spend for buying PointPay tokens (for example, \$100);
- 4.3 Choose the PointPay account you are going to top up with Ethereum (for example, PointPay Wallet). Buying PXP tokens is available either from PointPay Wallet or PointPay Bank accounts;
- 4.4 Choose a payment method (for example, VISA/Mastercard).

Step 5: Please enter credentials from your debit or credit card. The bank may ask you to confirm the payment through SMS-code or any other ways.

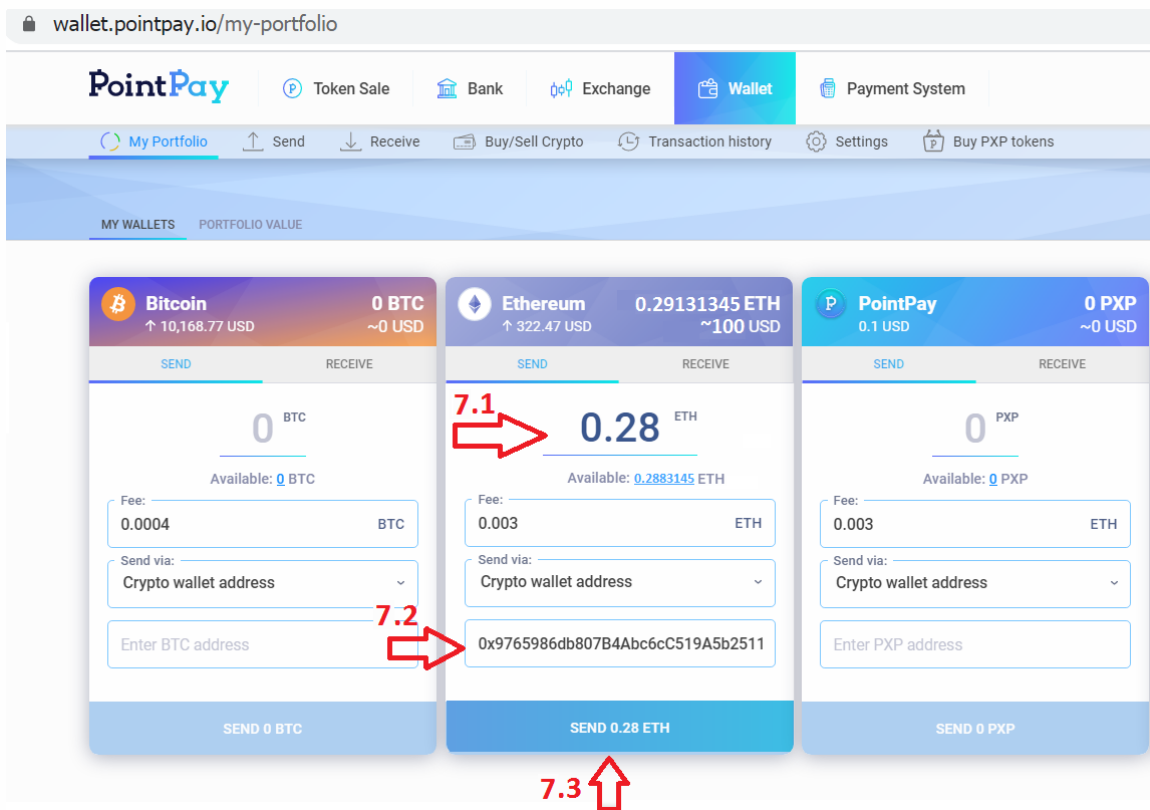

Step 6: If the payment has been processed successfully by the bank, it will take approximately an hour, to have Ethereum topped up on the balance of your account in PointPay Crypto Wallet here: <https://wallet.pointpay.io/my-portfolio>. If the payment has not been processed successfully, please try any other partner (MoonPay, Mercuryo, Any.Cash).

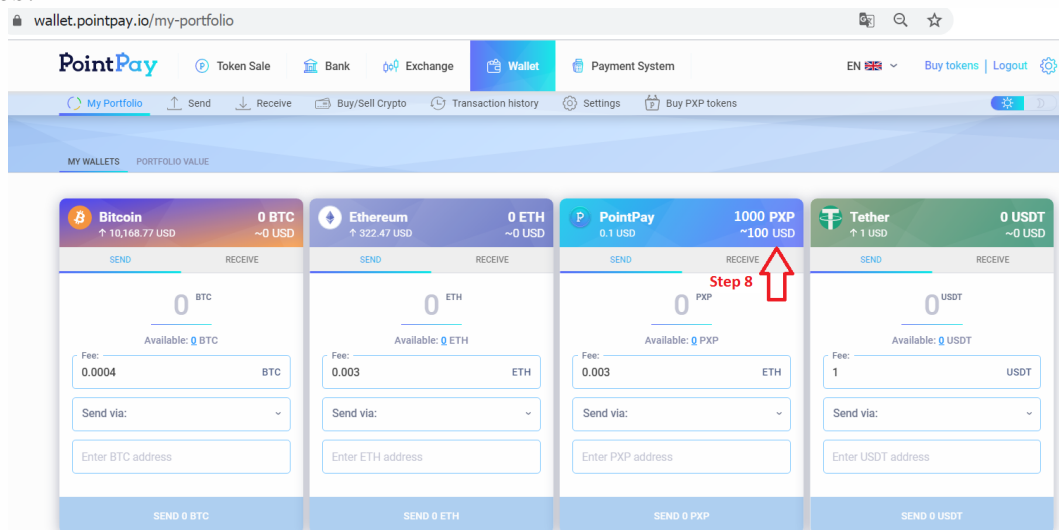

Step 7: Please make a payment in Ethereum from your account on [PointPay Wallet](#) to the PointPay Ethereum address:
